

METALLINEN KIINNIKELEVY.

Metallinen kiinnikelevy asennetaan ruuveilla seinään seinäpinnan mukaan. Sen jälkeen akustomuoto kiinnitetään painamalla akustomuoto metallisiin piikkeihin. Paina samalla akustomuotoa alaviistoon. Asennus puhtain käsin tai hansikkain.

METALLIC MOUNTING PLATE.

First install the metallic mounting plate using screws according to the surface material. The acoustic shape is attached by pressing the shape to the metallic spikes. At the same time press downwards the shape. The metallic mounting plate will lift the acoustic shape 20mm of the wall. Installation with clean hands or use gloves.

Metallinen kiinnikelevy 200x200mm
Metallic mounting plate 200x200mm

Metallinen kiinnikelevy 100x100mm
